

MISSION STATEMENT

Our goals are to create and maintain a safe, secure and caring multicultural learning environment for preschoolers through play. We strive to develop character, healthy habits, and lasting friendships for children and parents.

Create and maintain a safe, secure and caring learning environment for children to learn while they play.

We base our philosophy of children on cooperation between parents, teachers and administration. To establish an environment based on cooperation between teachers, parents and administration to develop an enriching atmosphere that encourages excellence and well-being for each child.

At Little Lords and Ladies Learning Academy, we meet the children at their level and help them explore a whole new dimension in learning in a safe, healthy, loving and fun filled environment.

HISTORY OF OUR SCHOOL

Little Lords and Ladies Learning Academy opened in 2008. The founder Marsha Coombs open the school with the intention in mind of having a safe place for her five grandchildren to attend. A school where children would be loved, taught, cared for and become one big loving family.

Today the school is operated and owned by Meralis Acevedo along the side of her husband Ramon Acevedo. Their vision for the school is as the former owner. They believe that children need to be accepted, loved, and educated individually, at their own pace and hope that students and parent's form a relationship that last a life time.

CURRICULUMS

Our organization is structured and based of *The Creative Curriculum*® and *WEE Learn Curriculum* designed for Infants, Toddlers & Two's which includes some of many components below.

- ✿ Creating a Responsive Environment
- ✿ What Children Are Learning
- ✿ Caring and Teaching
- ✿ Partnering with Families

For children ages 3-5 *The Creative Curriculum*® and *WEE Learn Curriculum* is the road map for determining where each child is developmentally.

Wee Learn Curriculum is based on comprehensive curriculum plan that contains samples teaching suggestions for using books, music, nature, and toys to illustrate Christian fundamentals.

Both curriculum's helps track each child's progress and gives each child a better learning experiences.
